

KEY BENEFITS

The Uccello Grip Mat is a high-quality and long-lasting non-slip mat, designed specifically to assist those with reduced strength, mobility and dexterity.

It is the perfect cup placement guide for your cup to guarantee a safe and easy pour every time when using the Uccello Kettle.

CUP PLACEMENT GUIDE

You can safely pour the Uccello Kettle into your cup with precision and accuracy using the Uccello Grip Mat as the perfect cup guide.

Place the mat in front of the kettle base with the cup in the centre ring for a safe and easy pour every time.

EXTRA GRIP

Ideal for those living with arthritis or similar conditions where their grip with their hands is reduced.

The Uccello Grip Mat fits gives you added grip when opening stubborn jar lids by increasing friction and minimizing the effort required to open them.

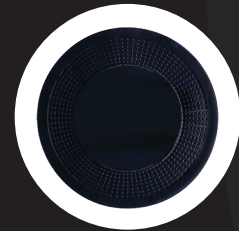

NON-SLIP

The kitchen can be prone to liquid spills and steam from time to time. The Uccello Grip Mat is a non-slip mat that will grip both wet and dry surfaces. This ensures that whatever you are holding, such as a cup or a plate will not move when placed onto it.

ANTIMICROBIAL MATERIAL

The Uccello Grip Mat is made up of a latex-free antimicrobial material, giving it the ability to kill or slow the spread of micro-organisms such as bacteria, viruses, and fungi.
